

Entering Test Results for QC Requirements Contractor Mode

The following slides are just for showing how to enter in the test results for QC Requirements and will not cover how to create a daily log.

From the “Contract Menu” screen, select “QC”.

The screenshot displays the 'Contract Menu' interface within the RMS - Resident Management System. The window title is 'RMS - Resident Management System'. The main header area includes the project name 'Testing Project' with ID '[J4000672] W911KB-00-C-024A'. Navigation buttons include 'Contractor Mode Home', 'Contract Selection', 'Back', 'Refresh', and 'Help'. A 'Mark As Favorite' button is also present.

Below the header, there are two green boxes showing action item counts:

- Contractor Action Items:** 0 High, 0 Medium, 0 Low
- My Action Items:** 0 High, 0 Medium, 0 Low

The main content area features a navigation menu with the following items:

- Administration
- Finances
- QC** (highlighted)
- Submittals
- Schedules
- Closeout
- Import/Export
- Contract Reports

Below the navigation menu, there are four informational cards:

- Contract Description:** Enter award description and funding sources. Contract location should be entered.
- Contract Access Control:** Control contractor staff access to this contract.
- Correspondence:** Create, edit, and view Letters and Memos.
- Request for Information:** Respond to RFI's from Contractor.

At the bottom, there are four more informational cards:

- Prime Contractor:** Identify Contractor for payment purposes and view Contractor Staffing.
- Subcontractors:** Identify Subcontractors, POC's, and Trades.
- Contractor Insurance:** Track General, Auto, and Workman's Comp Insurances.
- Contractor Payrolls:** Enter or Review Contractor Payrolls for Department of Labor reporting purposes.

The status bar at the bottom shows 'Client:WPF.RMS->ContractMenuView' and 'Notifications'.

Select “QC Daily Reports”.

Note: QC Requirements only allows the user to add testing to activities.

The screenshot displays the RMS - Resident Management System interface for a "Testing Project" (ID: [J4000672] W911KB-00-C-024A). The interface includes a "Contract Menu" with a "Mark As Favorite" button. Below the menu is a section for "Contractor Action Items" and "My Action Items", both showing 0 items across High, Medium, and Low categories. A navigation bar at the bottom contains tabs for Administration, Finances, QC, Submittals, Schedules, Closeout, Import/Export, and Contract Reports. The QC tab is selected, showing a grid of menu items:

Administration	Finances	QC	Submittals	Schedules	Closeout	Import/Export	Contract Reports
QC Summary <i>A roll-up of each QC Daily Report entry topic.</i>	QC Daily Reports <i>Prepare and Review Daily QC Reports.</i>	Features of Work <i>Listing of Definable Features of Work to be used in the 3-Phase Inspection process.</i>	Three Phase Inspections <i>A tabulation of DFOW and the number of Checks linked to the 3-Phase Meetings.</i>				
Hazard Analysis <i>Listing of each AHA that has been, or should be, prepared for each hazardous activity.</i>	QC Requirements <i>Entry screens for QC Tests, User Schools, Installed Property, and Transfer Property.</i>	Equipment Checks <i>Listing of Equipment used, or anticipated to be used on the jobsite.</i>	Dredging Equipment <i>Listing of Dredging Equipment used, or anticipated to be used.</i>				
Exposure Hours <i>Compilation of all contractor and subcontractor hours of work to comply with OSHA.</i>							

Client.WPF.RMS->ContractMenuView

The user can either add test results on new daily log or on a previous uncompleted daily log.

The screenshot displays the RMS - Resident Management System interface. At the top, the 'Testing Project' is identified with ID [J4000672] W911KB-00-C-024A. Navigation options include 'Contractor Mode Home', 'Contract Selection', and 'Contract Menu', along with 'Back', 'Refresh', and 'Help' buttons. A summary section shows 'All Daily QC Reports' (3), 'Completed QC Reports' (2), and 'Not Completed QC Reports' (1). Below this is a 'Daily Reports' section with 'Add', 'Edit', and 'Delete' actions, a search bar, and an 'Export' button. A table lists the following data:

Report No.	QC Report Date	QC Weather Reported	QC Report Status
2,614	12/14/2017 Thursday	Weather Not Entered	Not Completed by Contractor
2,450	07/03/2017 Monday	Weather Caused No Delay	Completed - Received by the Gov't
2,418	06/01/2017 Thursday	Weather Caused No Delay	Completed - Received by the Gov't

The status bar at the bottom indicates the current view: 'Client.WPF.RMS.Views.QAQC.QAQCDailyReportSelection->QCDailyReportSelectionView' and includes a 'Notifications' area.

Click on “QC Requirements”.

The screenshot displays the RMS - Resident Management System interface for a "Testing Project" (Contract Number: W911KB-00-C-024A). The main content area is titled "QC Daily Report No. 2636, 01/05/2018 - Friday". A left-hand navigation menu is visible, with "QC Requirements" highlighted and an arrow pointing to it. The main content area shows the following sections:

- Weather:** Weather Not Entered
- QC Narratives:** 0 Written Today
- QC/QA Deficiencies:** 0 of 5 Corrected Today
- QC Requirements:** 0 of 2 Completed Today
- Prep/Initial Inspections:** 0 Prep, 0 Initial Today

The main content area also displays the following information:

- Project: Testing Project
- Contract Number: W911KB-00-C-024A
- Contractor: Alpha Bet Construction
- QC Weather: Weather Not Entered
- QC Narratives: No QC narratives entered today
- Prep/Initial Dates: No preparatory inspections today
- No initial inspections today

At the bottom, there is a section for "QC Daily Report No. 2636" with a note: "CONTRACTOR: Complete a document package for this QC daily report and submit it using this document package manager." Below this is a "Document Packages" section with "Add", "Edit", and "Delete" buttons, and a table with columns for "Title of Package", "Package No.", and "Status". A "Report Completed" checkbox is also present.

Client: WPF.RMS.Views.QAQC.DailyReportMenu -> QAQC.DailyReportMenuView

QC Requirement screen will default to “All QC Requirements”. Clicking “Completed” in this screen will enter the current date. Check the box and put the test into “Awaiting Test Results”.

The screenshot displays the RMS - Resident Management System interface for a "Testing Project" (ID: [J4000672] W911KB-00-C-024A). The main heading is "QC Requirements - QC Daily Report No. 2636, 01/05/2018 - Friday". Below this, there are five summary cards: "All QC Requirements" (3), "QC Tests" (2), "User Schools" (0), "Installed Property" (0), and "Transfer Property" (0). The "All QC Requirements" section includes a table with columns for "QC Requirement", "Description", "QC Date", and "Completed". The table lists three items: CT-00001 (Testing of the Temporary Construction Facilities and Controls, 12/14/2017, Completed), CT-00002 (Testing of the control facility, no date, not completed), and CT-00003 (Testing for concrete, no date, not completed). A detailed view at the bottom shows the selected item (CT-00001) with its description and activity ID (DSGN205).

QC Requirement	Description	QC Date	Completed
CT-00001	Testing of the Temporary Construction Facilities and Controls	12/14/2017	<input checked="" type="checkbox"/>
CT-00002	Testing of the control facility		<input type="checkbox"/>
CT-00003	Testing for concrete		<input type="checkbox"/>

QCQA No. CT-00001 Section 01 50 00 Activity ID DSGN205
Description Testing of the Temporary Construction Facilities and Controls

Click “QC Tab” to enter the actual results of the test that was performed.

The screenshot displays the RMS - Resident Management System interface for a "Testing Project" (ID: [J4000672] W911KB-00-C-024A). The main section is titled "QC Requirements - QC Daily Report No. 2636, 01/05/2018 - Friday". It features five summary tabs: "All QC Requirements" (3), "QC Tests" (2), "User Schools" (0), "Installed Property" (0), and "Transfer Property" (0). Below these is a table of "All QC Requirements" with columns for "QC Requirement", "Description", "QC Date", and "Completed".

QC Requirement	Description	QC Date	Completed
CT-00001	Testing of the Temporary Construction Facilities and Controls	12/14/2017	<input checked="" type="checkbox"/>
CT-00002	Testing of the control facility		<input type="checkbox"/>
CT-00003	Testing for concrete		<input type="checkbox"/>

At the bottom, a detailed view for QCQA No. CT-00001 is shown, including the description "Testing of the Temporary Construction Facilities and Controls".

Changing QC Test Status

To change the test results from “Completed-Awaiting Results” click in the right hand corner of the status for the drop down menu.

The screenshot shows the 'QC Tests' section of the RMS interface. The table contains the following data:

QC Test	Description	QC Date	Completed	Status
CT-00002	Testing of the control facility	01/05/2018	<input checked="" type="checkbox"/>	Completed-Awaiting Results
CT-00003	Testing for concrete		<input type="checkbox"/>	

A blue arrow points to the status 'Completed-Awaiting Results' in the first row, indicating where to click to open the dropdown menu.

Select the correct status of the of the test. Select the back arrow to return to the main QC daily screen. This will save the entered results.

The screenshot shows the 'QC Tests' section of the RMS interface after the status change. The table contains the following data:

QC Test	Description	QC Date	Completed	Status
CT-00001	Testing of the Temporary Construction Facilities and Controls	01/05/2018	<input checked="" type="checkbox"/>	Completed-Passed
CT-00002	Testing of the control facility		<input type="checkbox"/>	
CT-00003	Testing for concrete		<input type="checkbox"/>	

The status for the first row is now 'Completed-Passed'.

RMS will update the “QC Requirements” tab to show how many requirements were completed and list it under “QC Requirements”.

The screenshot displays the RMS - Resident Management System interface for a "Testing Project" (ID: [J4000672] W911KB-00-C-024A). The main content area shows a "QC Daily Report No. 2636, 01/05/2018 - Friday".

Left Sidebar:

- Weather:** Weather Not Entered
- QC Narratives:** 0 Written Today
- QC/QA Deficiencies:** 0 of 5 Corrected Today
- QC Requirements:** 1 of 3 Completed Today
- Prep/Initial Inspections:** 0 Prep, 0 Initial Today

Main Report Content:

- No preparatory inspections today
- No initial inspections today
- Activity Start/Finish Dates: No activities started/finished today
- QC Requirements: 1 requirements completed today
- QA/QC Deficiency: No deficiencies corrected today

Bottom Section:

QC Daily Report No. 2636 CONTRACTOR: Complete a document package for this QC daily report and submit it using this document package manager.

	Title of Package	Package No.	Status
<input type="button" value="Add"/>			
<input type="button" value="Edit"/>			
<input type="button" value="Delete"/>			

Report Completed
