

# Government Launcher

RMS 3.0

After RMS 3.0 has been downloaded, the RMS Government Launcher needs to be updated.

NOTE: Do not load the “Contractor Launcher”.

Type [www.rmsdocumentation.com](http://www.rmsdocumentation.com) into the Internet Browser.  
 Scroll to the bottom of the table of documentation.  
 Click on “Click here to download the RMS 3.0 Government Launcher”

Welcome to the RMS Documentation index page.

**New RMS Launcher as of 2/7/2018 - Patch 23 - please update - both USACE Government and Contractors!**

Please note, Government users, if you've installed the ACE-IT approved RMS 3 Launcher, you do not need ACE-IT to update to patch 23 of the launcher. ACE-IT gives users full permissions to the RMS3 folder when installed from ACE-IT first.

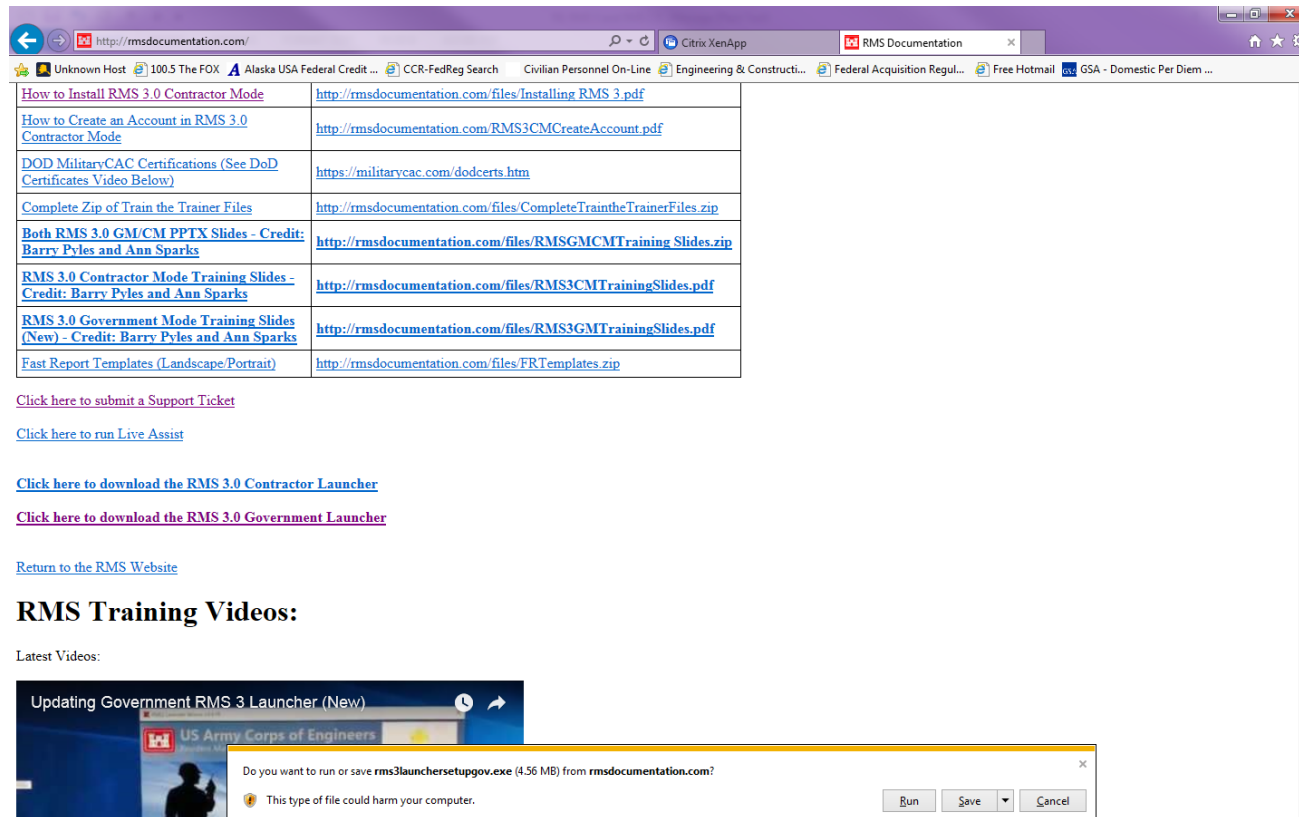

Government users who have never had RMS3 installed before will need to have ACE-IT install RMS 3 or go through the apps portal to install RMS 3.

“Do you want to run or save RMS3launchersetupgove.exe (4.56 mb)from rmsdocumentation.com?” will come up.  
Click the down arrow on save and select “Save and Run”.

“The publisher of rms3launchersetup gov(4).exe couldn’t be verified”  
will come up.  
Select “Run”

The screenshot shows a web browser window with the URL <http://rmsdocumentation.com/>. The page contains a table of links, several text links, and a video player. A security warning is displayed at the bottom of the video player.
