## 1 Introduction

This document provides the details of the RMS application changes to accommodate the upgrade to patch 264, which was released on February 18, 2021.

### 1.1 Overview

The changes for this release are summarized below:

1. Change Requests
  - CRQ 1089 – Notifications for Secondary Reviewer Comments
  - CRQ 1109 – Reason Code added to Change Request View
  - CRQ 1194 – Increase Description Column in Transmittals in Review
  - CRQ 1199 – Increase QA Narrative Details box
2. Bug Fixes
  - Fixed an issue with S-Curve Data Loss
  - Fixed Messages View taking forever to load
  - Fixed an error with archived contracts failing to load for a specific district
  - Added the delivery order # to the District Summary Report – Contract Status Sheet option when choosing individual contracts
  - International numbers can now receive SMS notifications
  - Removed the ability in some rare cases where contractor mode could see draft correspondence letters

### 1.2 Contact

If issues or concerns should arise, please contact the Help Desk.

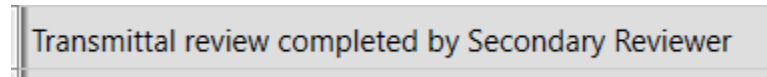

- Toll Free: 210-473-8658 – RMS Helpdesk Tech Support Center
- Operation Hours: 24/7, excluding holidays

## 2 Change Requests

### CRQ 1089 – Allow Notifications for Secondary Reviewer Comments

The Contract Notification Control module now has an option to be notified when transmittals have been reviewed by a secondary reviewer in Transmittals.

To get to this module open a contract, go to the Administration tab, then open Contract Notification Control

### CRQ 1109 – Reason Code added to Change Request View

In the Change Request Module (Finances → Change Requests) the Reason Code is now an additional column that can be sorted on the selection view.

Change Request No	Change Request Title	Reason Code	Status	Reference No	Change Amount	Change Days	Mod Age
> 0006	Quantity Variation	E	4		\$6,500.00	0	1329
0007	Weather Time Extension Dec 17 - Dec 17	E	4		\$0.00	0	0
0010	supporting documents test	9	4		\$0.00	0	0
0011	Change Test	S	4	Cancelled	\$0.00	0	0
0012		A	5	R00002	\$0.00	0	91
0013	Security Title Request	V	5	R00026	\$50,000,000.00	0	1035

### CRQ 1194 – Increase Description Column in Transmittals in Review

The description column in the Transmittals In Review window is now larger to accommodate larger Descriptions of Transmittals.

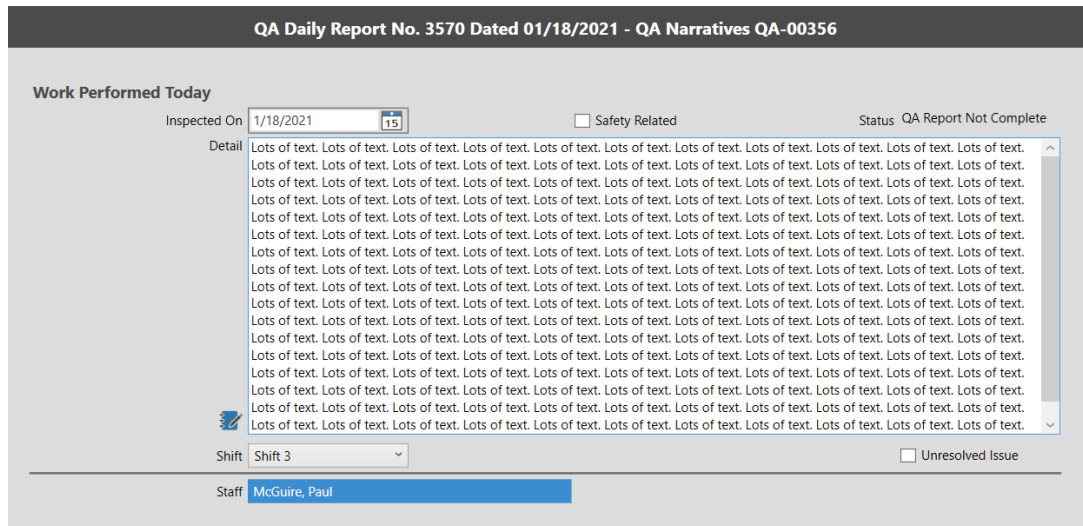

Open a Contract → Submittals Module → Transmittal Log → Bottom of screen after selecting a Transmittal

Item	Description	Primary Government Reviewer	QA Code	Primary Contractor Reviewer	QC Code	Variation
3	Temporary Cofferdams	Josh May		<Not Set>	A	No

### CRQ 1199 – Increase QA Narrative Details box

Open a Contract → QA/QC Module → Open a QA Daily Report → QA Narratives

The Details box is larger and will show more text.

## 3 Bug Fixes

### Fixed an issue with S-Curve Data Loss

Make sure an s-curve is chosen, go to the Administration → Contract Status → Monthly Progress Tab and click Copy Placement. Then go back to Placement and the s-curve choice was missing on some contracts. This issue has been resolved.

### Fixed Messages View taking forever to load

The message module (bottom right hand corner of RMS) took forever to load. This has now been fixed.

This module can be accessed by clicking the Messages button on the bottom right hand corner of RMS:

### Fixed an error with archived contracts failing to load for a specific district

Sacramento district had an issue with Local Office archived contracts crashing after a specific contract was archived. This has been resolved.

### Added the delivery order # to the District Summary Report – Contract Status Sheet option when choosing individual contracts

Summary Reports → Status of Construction → Choose Individually Selected Contracts (then run report) – the screen that allows contract selection was missing the Delivery Order number column.

	Contract No.	Contract ID	Delivery Order No.	Full Title of Contract
<input type="checkbox"/>	W912DR-08-D-0020	E1001287	0001	Fence Upgrades Ft Mye

### International numbers can now receive SMS notifications

Administration Module → Contract Notification Control

International numbers can now be input in the phone number field and receive text notifications

**Contract Notification Control**

NOTIFICATIONS: RMS can send notifications when certain events related to this contract occur. You can receive notifications with email. Simply check the boxes below for the notifications you wish to receive.

**Your notifications will be sent to:**

Phone number  Format: 909 999 9999

Email address

**Removed the ability in some rare cases where contractor mode could see draft correspondence letters**

In the outstanding RFIs report, draft reports were showing. This has been corrected.
