1 Introduction

This document provides the details of the RMS application changes to accommodate the upgrade to patch 296, which was released on July 16, 2021.

1.1 Overview

The changes for this release are summarized below:

1. CRQ 1241 – Milestone Updates
2. CRQ 1240 – Update DVA Quad Report
3. Dredging Production by Contract Summary Report
4. Work continues on Telerik Reports for eventual release when approved.

1.2 Contact

If issues or concerns should arise, please contact the Help Desk.

- Toll Free: 210-473-8658 – RMS Helpdesk Tech Support Center
- Operation Hours: 24/7, excluding holidays

2 Change Requests

CRQ-1241 - Milestone Updates

Module - Schedules → Milestone Schedules

1. The System Milestone: Contract Required Completion is now greyed out and marked N/A in the actual date column.
2. Programming has been corrected to cause the Contract Required Completion System Milestone to show up on the action items list.
3. In the Milestone Schedule Status column, “Scheduled” has been replaced with an automatic fill of “N/A” since this is an automatically calculated date.
4. Added definitions to the Milestone Edit View for each of the system milestones via a mouse over help icon (see below).

Milestone Edit View

Milestone Event

Group: System
Phase: Construction
Description: Contract Award 

Contract Award
The date that the contract award document (block 31.c of the SF 1442) is signed by the Contracting Officer.

Base Scheduled Event Date On

Manually Entered Date
 Other Milestone Event: Construction Completion ± 0 days
 Activity Finish Date: ± 0 days

Activity Date Options: Early Finish Late Finish Mid Float Finish

Date / Time

Scheduled Date: 15 Record Time
Actual Date: 1/18/2018 15

CRQ-1240 - DVA Quad Report Updates

Wideband Satellite Communications Center Fort Meade

Project Information

Description/Scope: Big G Test24 - Construct a Wideband Satellite Communications (SATCOM) Operations Center to replace the existing Defense Satellite Communications System Operations Center. Project to provide space for SATCOM operational control equipment for DoD satellites including operations rooms, equipment rooms, a training and conference room, private offices, general administrative areas, storage and supply rooms, an equipment maintenance area, and personnel and security support areas.

Work Continues on Telerik Reports

We continue to work with the UAT team on perfecting the Telerik Reports that will be soon replacing FastReports.
