1 Introduction

This document provides the details of the RMS application changes to accommodate the upgrade to patch 331, which was released on February 7, 2022.

1.1 Overview

The changes for this release are summarized below:

This release is a rollback of patch 328. This means that patch 331 now contains the system changes identified in patch 328. [328 Release Notes](#). All of the updated ENG 93 (CRQ 1120) changes have been removed from the patch update.

New Features/Changes/Issues Fixed

1. Fixed Issue with BCD Report Wrapping Text Incorrectly
2. Obligations for Continuing Funded Contracts Report – CVS Export Fixed
3. Monthly Exposure Hours Summary Report – Offices Now Display Correctly
4. Transmittal Remarks ENG 4025-R Report Fixed
5. Contractor Status Sheet Summary Fix
6. Contractor Payroll Fix
7. Fix for Submittal Item Number Sorting
8. Fix for Submittal Types Sorting
9. DVA Quad Reverted

1.2 Contact

If issues or concerns should arise, please contact the Help Desk.

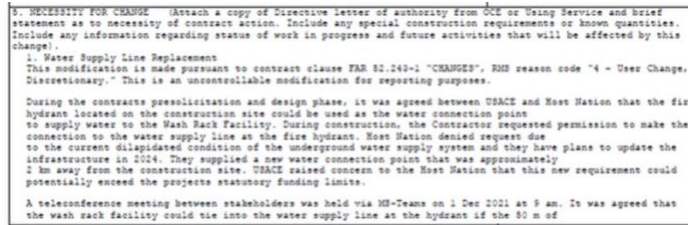

- Toll Free: 442-333-1011 – RMS Helpdesk Tech Support Center
- Operation Hours: 24/7, excluding holidays

2 New Features / Changes / Issues Fixed

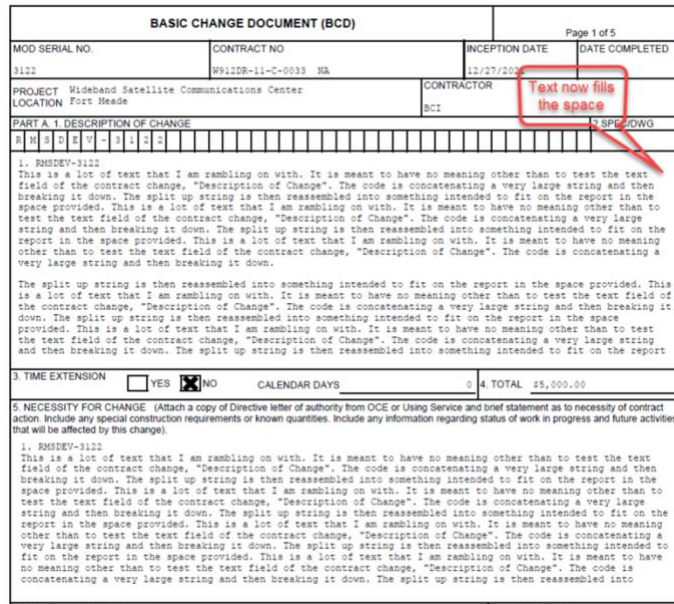

1. Fixed Issue with BCD Report Wrapping Text Incorrectly

The Basic Change Document report was not wrapping text correctly. The BCD Report is in the Finances → Contract Changes → Open a Contract Change and BCD will be on the upper right hand corner of the module.

What the report was doing:

What the report does now:

This also corrected the problems that were on the second page of text being cut off.

2. Obligations for Continuing Funded Contracts Report – CSV Export Fixed

For Contract level report – Obligations for Continuing Funded Contracts now has a much better CSV export.

3. Monthly Exposure Hours Summary Report – Offices Now Display Correctly

Fixed a bug with the Monthly Exposure Hours Summary report not displaying the office correctly.

Monthly Exposure Hours
Omaha District

US Army Corps
of Engineers

Contract: W9128F-16-D-0050 W9128F18F0328 - VA Omaha Install Generator (BLDG 17)
Office: Offutt Resident Office
Month: 06/01/2020

4. Transmittal Remarks ENG 4025-R Report Fixed

The Transmittal 4025 Remarks report now correctly displays each transmittal on its own page with the list of submittal items. Also, each remarks section can have up to around 32,000 characters inputted into RMS and exported out to the report – (anything past this is saved in RMS but displays a [...] on the printed report past 32,000 characters) – this no longer crashes the report generator when dealing with these many remarks.

5. Contractor Status Sheet Summary Fix

Corrected a problem with the Contract Status Sheet (Summary Version) where the project manager would not dynamically change based on the contract type – the titles are now listed as: Project Manager, Resident Engineer, and Project Engineer. Before it was listing the Office Manager instead of the Resident Engineer.

6. Contractor Payroll Fix

When attempting to export the Progress Payment to PDF or Excel – headers were incorrect. This has been fixed.

7. Fix for Submittal Item Number Sorting

In the Submittal Assignments module – (Open a Contract → Submittals → Submittal Assignments) – the Update → Assign Activity --- the item numbers were all zero for the section numbers. This has been fixed:

Assign Activity to Submittal Items

Assign Activity [100-1300 - REMOVE ALL ACCESSORIES] to selected submittals

Submittal Items

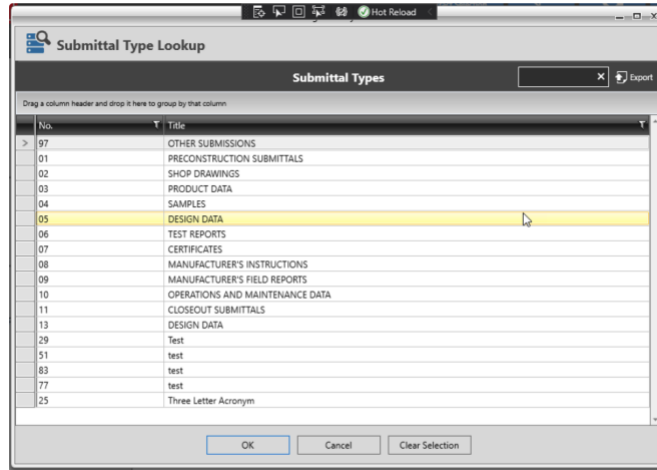

Drag a column header and drop it here to sort by that column

Section	Item No	Description	SD No	Type	Required for Activity
03 01 30.71	3	Epoxy Resin Binder	06	TEST REPORTS	<Not Set>
01 33 00	10	Submittal Register	01	PRECONSTRUCTION SUBMITTALS	<Not Set>
03 01 30.71	1	Job Mix Formula	05	DESIGN DATA	<Not Set>

08 11 16	11	Adjustments, Cleaning, and Maintenance	08	MANUFACTURER'S INSTRUCTIONS	<Not Set>

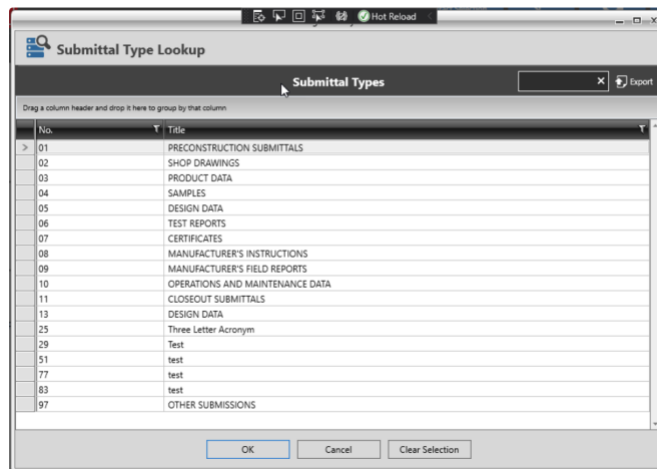

< Back Finish Cancel

8. Fix for Submittal Types Sorting

When creating submittals (Open a Contract → Submittals → Submittal Register → Add a Submittal Item – the submittal type lookup was not sorting correctly.

See attached after code change

9. DVA Quad Report Reverted

The DVA Quad report has been reverted to the older report – same for the modules in the Contract Setup area.
