1.0 Introduction

This document provides the details of the RMS Application changes to accommodate the upgrade to patch 555, which was released on July 15, 2025.

1.1 Overview

The changes for this release are summarized below:

- 1: RSG-104 On the Submittal Register – View/Edit Transmittals from Transmittal History Grid
- 2: RSG-109 Transmittal – Government Only Notes
- 3: RSG-124 RMS Now Opens Native P6 Schedule Files .xer
- 4: RSG-169 Transmittal Item Now Has Shared Document Packages Again
- 5: RSG-173 Change Requests Now Allow Unpriced Change Orders
- 6: Removal of FY22 Real Property Checkbox / Real Property List Updated to Latest Version
- 7: Correspondence Document Package Export Options Updated
- 8: Changing Contractor Schedule Type Now Updates Import/Export Tab
- 9: Submittal Item Start Date Fix
- 10: Submittal Item Edit Changes
- 11: Transmittal Paragraph and Drawing Details Fix
- 12: Government Transmittal Document Package Wording Update
- 13: Transmittal Log – Government Received Date Validation Update
- 14: Submittal Register Fix for Submittal Item Lookup Sort Order
- 15: Transmittal Log 4025 Fix for Displaying Item Numbers
- 16: Document Package Deletion Logic Refinement
- 17: RSG-166: 1354 Negative Quantity Rounding Fix
- 18: Deletion of Submittal Item Fix
- 19: RSG-171 Transmittal Digital Signing 4025 Update
- 20: Government Submittal Item Attachment Description Update
- 21: Transmittal Electronic Signing Consistency Update
- 22: Fix for Government Unable to Sign QC Daily Reports
- 23: Contract Modification SF30 Block 13 Consistency Fix
- 24: Fix for Hazard Analysis Incorrect RAC Matrix
- 25: Revision History – Recording Actions Before Sent Fix
- 26: Contract Required Completion Milestone Fix
- 27: Fix for RMS Not Recognizing Signed ENG 93
- 28: Fix for Summary Contract Status Sheet Crashing

2.0 New Features / Changes / Issues Fixed

2.1 RSG-104 On the Submittal Register – View Edit Transmittals from Transmittal History Grid

Location in System: Submittals → Submittal Register

Problem Statement: If a submittal item has been linked to transmittals, the history of transmittals is shown on the Submittal Register screen. This is now double-clickable and the Transmittals referenced can be opened.

2.6 Removal of FY22 Real Property Checkbox / Real Property List Updated to Latest Version

Location in System: Administration → Contract Setup

Problem Statement: RMS has removed the option in Contract Setup for Enable FY22 Look Ups for DD1354 and has also updated the Real Property List to the latest version.

Previously:

The screenshot shows the 'Contract Setup' interface for 'CY99 CDIP Apache Company Operations'. The 'Administration' tab is active. Under the 'Administration' section, the following options are visible:

- Use CEFS for downloading Finances and uploading
- Will this contract be linked to P2?
- Allow Government to enter Contractor Data
- Track Contractor's Insurance
- Track Contractor's Payrolls in RMS
- End Payrolls Milestone: [dropdown] ± [input: 0] Days
- Track Labor Interviews
- Requires a DD1354 Transfer Document
- Enable FY22 look ups for DD1354 (highlighted with a red box)
- Log change in Office location

Other visible fields include 'CEFS Database Name' set to 'CHARLESTON DISTRICT (K2)', 'Category Codes for' set to 'ARMY', 'Funding Method' set to 'Track Funding at Project Level, compute Obligation amounts for payment based on available funds', and 'Currency Type' set to 'US - US DOLLAR'.

Currently:

This screenshot shows the same 'Contract Setup' interface as above, but the 'Enable FY22 look ups for DD1354' checkbox is now unchecked. All other settings and options remain the same as in the previous screenshot.

2.7 Correspondence Document Package Export Options Updated

Location in System: Import/Export → Document Package Export

Problem Statement: RMS has updated the options for exporting Correspondence Document Packages in the Contract Import/Export area for Contractor and Government Mode.

Previously: (Contractor / Government)

The screenshot shows the 'Document Package Export' interface in Contractor Mode for contract SIT RMSDEV-4229. The interface includes a top navigation bar with 'Contractor Mode Home', 'Contract Selection', and 'Contract Menu' buttons, along with 'Back', 'Refresh', 'Log Out', and 'Help' icons. The main content area is titled 'Document Package Export' and contains a section for selecting document package areas for download. The 'Get Documents' button is highlighted in green. Below this, there are several sections with checkboxes for selecting document types: 'Daily Report Packages' (QC Daily Reports only, All Documents in QC Daily Document Packages), 'Transmittal Log Packages' (4025 and Government Remarks Only, All Documents in Contractor Transmittal Document Packages, All Documents in Contractor Submittal Item Document Packages), 'QC Requirements' (All QC Test Documents), 'Request for Information' (All Contractor Request for Information), and 'Correspondence' (Correspondence Letter - Draft, Correspondence Letter - Received, Correspondence Letter - Sent). The 'Correspondence Letter - Draft' checkbox is highlighted with a red box.

The screenshot shows the 'Document Package Export' interface in Government Mode for contract CY99 CDIP Apache Company Operations. The interface includes a top navigation bar with 'Government Mode Home', 'Contract Selection', and 'Contract Menu' buttons, along with 'Back', 'Refresh', 'Log Out', and 'Help' icons. The main content area is titled 'Document Package Export' and contains several sections with checkboxes for selecting document types: 'Contractor Payroll Packages' (All Contractor Payroll Documents), 'QC Requirements' (All QC Test Documents), 'Request for Information' (All Government Request for Information, All Contractor Request for Information), 'Correspondence' (Correspondence Letter - Draft, Correspondence Letter - Received, Correspondence Letter - In House Memos, Correspondence Letter - Sent), 'Progress Payment' (Progress Payment - All Documents, Progress Payment - Prompt Payment, Progress Payment - ENG93), and 'Contract Modifications' (Contract Modification - Document Packages, Contract Modification - Supporting documents, Contract Modification - SF30 Only). The 'Correspondence Letter - Draft' checkbox is highlighted with a red box.

2.11 Transmittal Paragraph and Drawing Details Fix

Location in System: Submittals → Transmittal Log

Problem Statement: In certain contracts, the Paragraph and Drawing fields were not updating correctly once the submittal item was linked to a transmittal but were updated on the reports. This has been fixed.

Previously:

The screenshot shows the 'Transmittal 02111-4 - Draft' interface. At the top, it displays 'CY99 ROKFC, Patriot BN HQS/CO OPS' and contract information. Below this, the 'Date Prepared' is 4/9/2025. A table titled 'Submittal Items Included on this Transmittal' contains one item: 'Survey - Del(S/L No.C-0125)' with 5 copies, classification GA, and QC Code A. Below the table, the 'Paragraph' and 'Drawing' fields are empty and highlighted with red boxes. The interface also includes sections for 'Contractor / Government Remarks' and 'Complete and Submit 4025'.

Currently:

The screenshot shows the same 'Transmittal 02111-4 - Draft' interface. The 'Date Prepared' remains 4/9/2025. The table 'Submittal Items Included on this Transmittal' is identical to the previous state. However, the 'Paragraph' and 'Drawing' fields are now populated with '1.2' and 'CB102' respectively, and are highlighted with red boxes. The rest of the interface, including the remarks sections and the 'Complete and Submit 4025' buttons, remains the same.

2.12 Government Transmittal Document Package Wording Update

Location in System: Submittals → Transmittal Log → Government Document Packages

Problem Statement: Government Document Packages have always been viewable only by the Government, so now the description text on transmittals reflects this to let Government users know it is Government only.

2.20 Government Submittal Item Attachment Description Update

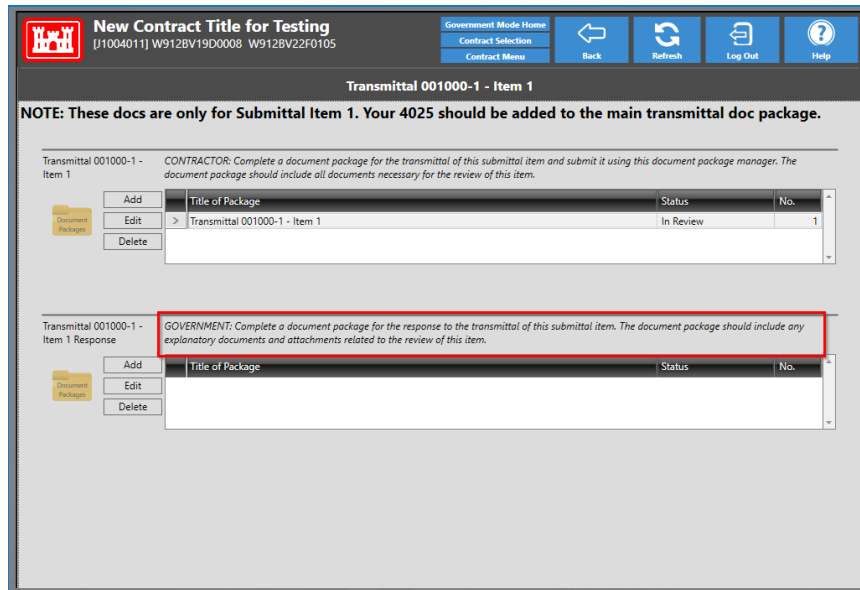

Location in System: Submittals → Transmittal Log → Submittal Item Document Attachments

Problem Statement: Government Document Packages have always been viewable only by the Government, so now the description text on the submittal item Document Packages in a transmittal reflects this to let Government users know it is Government only.

Previously:

Currently:

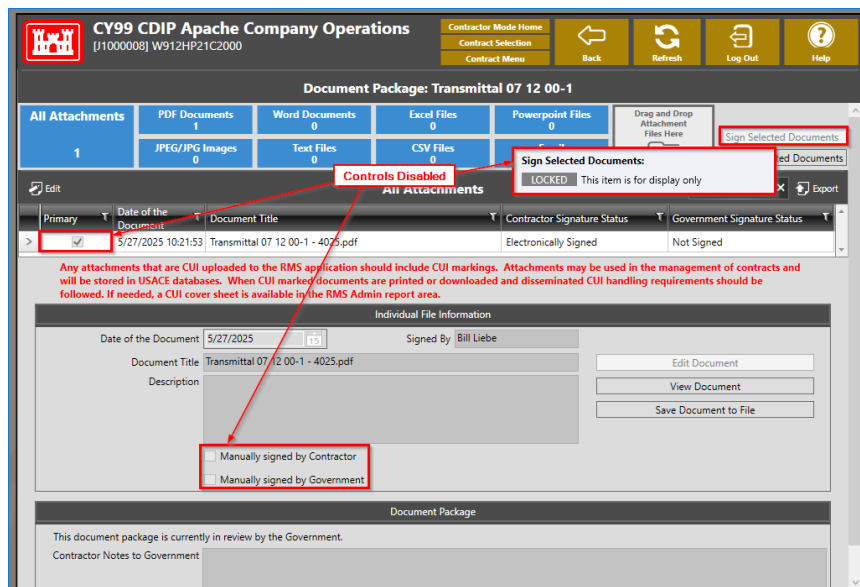

2.21 Transmittal Electronic Signing Consistency Update

Location in System: Submittals → Transmittal Log

Problem Statement: RMS is now more consistent with preventing automatic signatures on manually uploaded 4025 documents. If Contractor Mode uses the Manually Attach Signed 4025 button, then Government Mode will disable the Create and Digitally Sign 4025 button, and similarly, if the Contractor digitally signs the 4025, then the Manually Attach Signed 4025 button is disabled. This has been updated on the transmittal itself and in the Document Package.

Example of an Automatically Signed 4025:

CY99 CDIP Apache Company Operations
[J1000008] W912HP21C2000

Contractor Notes to Government

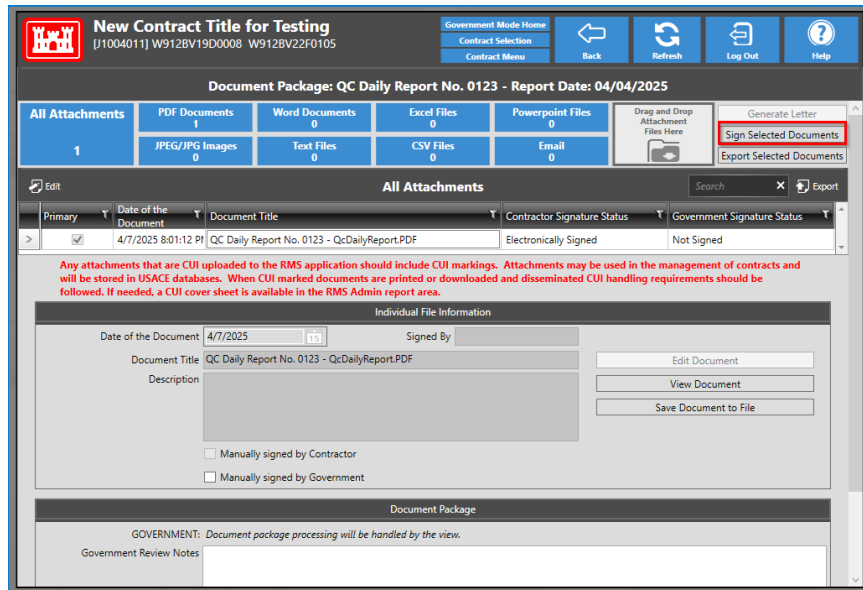

2.22 Fix for Government Unable to Sign QC Daily Reports

Location in System: QA/QC → QC Daily Reports

Problem Statement: When a QC Daily Report was submitted to the Government for review, the Government was unable to provide comment or sign the daily report. This has been fixed.

2.23 Contract Modification SF30 Block 13 Consistency Fix

Location in System: Finances → Contract Modifications

Problem Statement: In some contracts, the SF 30 Block 13 radio button selection changed when the Modification was completed. Also, the buttons were enabled despite the Modification being completed. This has been fixed.

2.25 Revision History – Recording Actions Before Sent Fix Location in System: Revision History

Problem Statement: RMS was recording Document Package deletions in Revision History before the item in question (for example: Correspondence) was sent. This has now been fixed, and Revision History will not start recording Document Package deletions until after the item has been sent.

Previously:

Currently:

The screenshot shows a web interface titled "Correspondence Revision History - Send 6/11/2025 3:31:25 PM UTC". The "Letter Dated" field is set to 6/11/2025, and the "Sent Status" is "Draft Letter Complete". There are checkboxes for "Unresolved Issue" (unchecked), "Requires Answer?" (checked), and "Accept Letter" (unchecked). The "Answer Due" date is 6/25/2025. The "Change Request" is "00001 -" and the "Proposal Amount" is "\$0.00". The "Letter Summary" is "SIT RMSDEV-4337 - Request For Proposal for". Below this, a message from "Letter No. RFP-0001" states: "GOVERNMENT: Complete a document package for this letter using this document package manager. The document package should include the letter itself and any applicable supporting documents." A table of document packages is shown with one entry: "Letter No. RFP-0001" with a status of "Not Ready" and a count of "1". A red box highlights the text "Deleted package no longer shown" below the table. At the bottom, there are sections for "Letters Answered by RFP-0001" and "Letters Answering RFP-0001", both currently empty.

2.26 Contract Required Completion Milestone Fix

Location in System: Schedules → Milestone Schedule

Problem Statement: There was a problem with some contracts not sending an actual date to P2 for the Contract Required Completion date. This has been fixed.

Previously:

The screenshot shows the "Milestone Edit View" for "FY01 NAF - Multipurpose Athl Fld (Won)" with ID [11000007] NAFKP5-01-C-0003. The "Milestone Event" section shows "Group: System", "Phase: Construction", and "Description: Contract Required Completion". The "Base Scheduled Event Date On" section has radio buttons for "Read-only System Calculated Date (NTP actual + duration)" (selected), "Manually Entered Date", "Other Milestone Event", and "Activity Finish Date". The "Activity Date Options" are "Early Finish" (selected), "Late Finish", and "Mid Float Finish". The "Date / Time" section shows "Original Date" as 3/31/2024, "Scheduled Date" as 3/31/2024, and "Actual Date" as "N/A".

2.27 Fix for RMS not Recognizing Signed ENG93 Location in System: Finances → Progress Payment

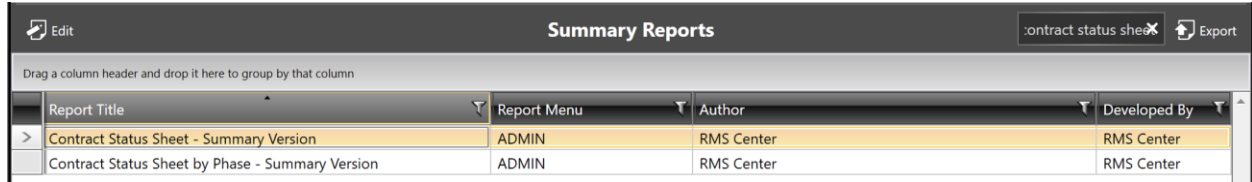

Problem Statement: In some contracts, RMS did not recognize that the ENG 93 was signed when, in fact, it was and informed the user to sign the already signed ENG 93. This has been fixed.

2.28 Fix for Summary Contract Status Sheet Crashing

Location in System: Summary Reports

Problem Statement: The Summary Report version of the Contract Status Sheet was crashing when running. This has been fixed.

The screenshot shows a web application interface titled "Summary Reports". At the top left, there is an "Edit" button. At the top right, there is a tab labeled "Contract status sheet" and an "Export" button. Below the header, there is a instruction: "Drag a column header and drop it here to group by that column". The main content is a table with the following columns: "Report Title", "Report Menu", "Author", and "Developed By". The first row is highlighted in yellow and contains the text: "Contract Status Sheet - Summary Version", "ADMIN", "RMS Center", and "RMS Center". The second row contains: "Contract Status Sheet by Phase - Summary Version", "ADMIN", "RMS Center", and "RMS Center".

Report Title	Report Menu	Author	Developed By
Contract Status Sheet - Summary Version	ADMIN	RMS Center	RMS Center
Contract Status Sheet by Phase - Summary Version	ADMIN	RMS Center	RMS Center
