1.0 Introduction

This document provides the details of the RMS Application changes to accommodate the upgrade to patch ???, which was released on March 26, 2026

1.1 Overview

The changes for this release are summarized below:

1. Fix for Import Submittal Registry - Excel missing preview
2. Updates to Contractor Mode User Roles

2.0 New Features / Changes / Issues Fixed

2.1 Fix for Import Submittals - Excel missing preview

Location in System: Import/Export – Import submittals - Excel

Problem Statement: When importing submittals from the excel template, the submittal items preview will show as blank.

Fix Description: RMS now displays the preview of submittal items.

Previously:

The screenshot displays the 'Import Submittals Excel' interface in the RMS Training system. At the top, the header includes the RMS Training logo, user information [E1002578] W9126G19C0119, and a warning: 'THIS CONTRACT CONTAINS CM-REQUIRED CM CONTROLS MUST BE FORWARDED'. Navigation buttons for Back, Refresh, Log Out, and Help are present. The main content area shows an 'Approval Status' of 'Not Requested' and a 'Submittal Item Count' of 233. Action buttons include 'Approve request to import', 'Reject request to import', 'Import into Register 01-Main Register', 'View Excel', 'Merge into Register 01', and 'Replace Register 01'. A 'Submittal Items' table is shown with columns: Section, Description, Paragraph, Submittal Type, and Activity ID. Below the table is a 'Revision History' window with columns: Revision Date, Action, and Revised By.

Currently:

RMS Training

2.2 Updates to Contractor Mode User Roles

Location in System: Prime Contractor Selection view

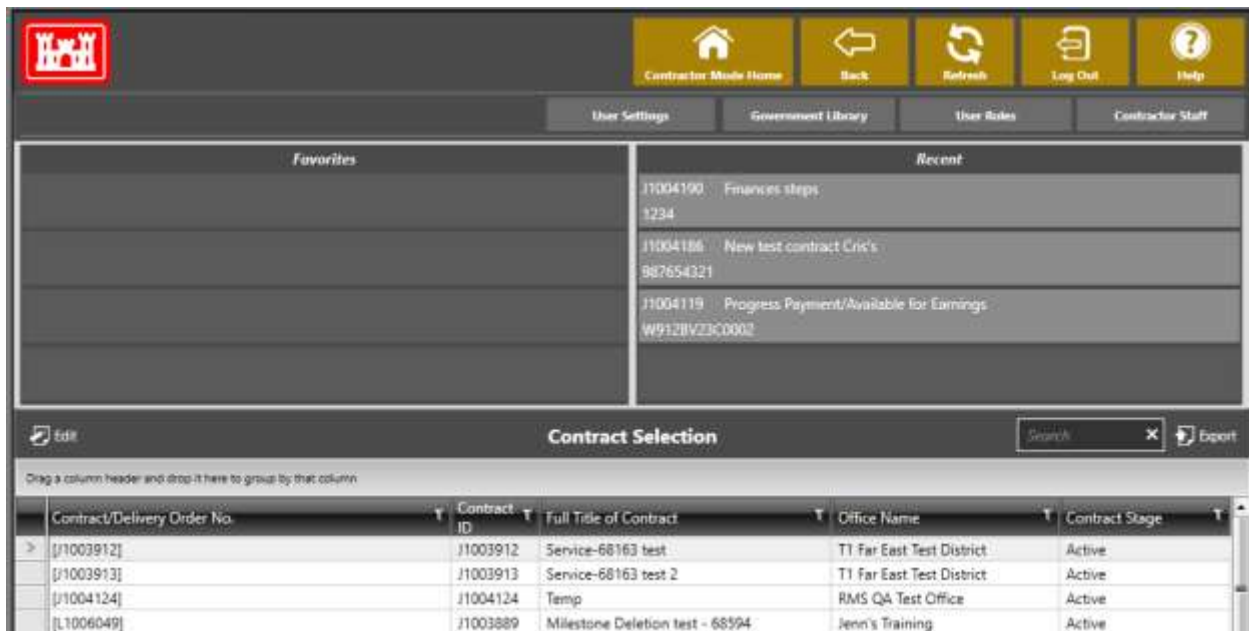

Update Statement: In an effort to support the transition to CMP, RMS user roles have been standardized and locked.

Update Description: User roles can now be found in the Government library of the Prime contractor selection view. Contractor staff has moved to only display in a contract's Prime contractor module. There is now a new linked staff module in the Prime contractor selection view, which allows administrators to see all user's Contract Access Control granted permissions.

The new standard, Modern User Roles are as follows:

- Administrator
- Project Manager
- Quality Control Manager
- Superintendent
- Site Safety & Health Officer
- Field Staff

Previously:

The screenshot displays the Contractor Mode Home interface. At the top, there is a navigation bar with icons for Home, Back, Refresh, Log Out, and Help. Below this is a secondary navigation bar with tabs for User Settings, Government Library, User Roles, and Contractor Staff. The main content area is divided into two sections: Favorites and Recent. The Recent section shows a list of recent activities with details like contract ID and title. Below this is a 'Contract Selection' table with a search bar and an export button. The table has a header row and several data rows.

Contract/Delivery Order No.	Contract ID	Full Title of Contract	Office Name	Contract Stage
[J1003912]	J1003912	Service-68163 test	T1 Far East Test District	Active
[J1003913]	J1003913	Service-68163 test 2	T1 Far East Test District	Active
[J1004124]	J1004124	Temp	RMS QA Test Office	Active
[L1006049]	J1003889	Milestone Deletion test - 68594	Jenn's Training	Active

Currently:

The screenshot shows the Contractor Menu Home interface. At the top, there is a navigation bar with icons for Home, Back, Refresh, Log Out, and Help. Below this, there are three tabs: User Settings, Government Library (which is highlighted with a red box), and Linked Staff. The main content area is divided into two sections: Favorites and Recent. The Recent section contains a list of contract entries:

Contract ID	Contract Title
J1004190	Finances steps 1234
J1004186	New test contract Cro's 987654321
J1004119	Progress Payment/Available for Earnings W9128V23C0002

Below the Recent section is a 'Contract Selection' table with a search bar and an export button. The table has the following columns: Contract/Delivery Order No., Contract ID, Full Title of Contract, Office Name, and Contract Stage.

Contract/Delivery Order No.	Contract ID	Full Title of Contract	Office Name	Contract Stage
J1003912	J1003912	Service-68163 test	T1 Far East Test District	Active
J1003913	J1003913	Service-68163 test 2	T1 Far East Test District	Active
J1004124	J1004124	Temp	RMS QA Test Office	Active

Government Library:

The screenshot shows the Government Library menu. It features a header with the text 'Government Library' and a grid of categories. The 'User Roles' category is highlighted with a red box. The categories are:

- Work Categories: A direct link to various of Work Categories.
- Specification Sections: Specification Sections.
- Subcontract Types: Selects and collects all Subcontract types, their categories, and all tags.
- Contractor Trades: A direct link to various of Contractor Trades.
- Label Classifications: Label Classifications and their Categories.
- User Roles: Use Roles and their permissions for access to Contract data.

The screenshot shows the Contractor Staff User Roles table. It has a search bar and an export button. The table has the following columns: Role Title and Category.
